Docket No. 98N-1038

4240 '99 APR -6 AIO:26

Dear FDA,

I am writing to request that you do everything within your power to assure that irradiated foods be clearly labeled as such. It should be my right in a free society to purchase foods that have not been irradiated irrespective of what some "expert" may deem safe. If conspicuous, unambiguous labeling is not required then my freedom to choose has been denied. Please do the right thing concerning this matter.

Sincerely,

*Maitha Maile*
